## SECONDARY SEDIMENTATION TANKS IMPROVEMENTS PROJECT

### Addendum No. 4

The following shall modify the Contract Documents. The work shall be accomplished in accordance with such modifications. It is required that this addendum be attached to the Specifications. This addendum contains 1 page, with no attachments.

**IMPORTANT: Receipt of this Addendum must be acknowledged in the space provided on the Bid Form when your bid is submitted. Failure to acknowledge receipt of this addendum may constitute grounds for rejection of the bid.**

#### Addendum Items:

- 4.1 **Section 15051, Paragraph 1.01.A:** Gate B (20"x20") shall have Non-Rising Stem.
- 4.2 **Drawing 10 of 12:** Revise the note under the photo "Label for (E) Fontaine Gate B" to require 30' of seating and unseating head as specified in Section 15051, Paragraph 2.01.B.
- 4.3 **Clarification:** Electric motor operators for gate operation are not to be included in project scope. Disregard all references to electric motor operators and actuators.
- 4.4 **Contract Time and Schedule:** Due to equipment lead time, equipment delivery will not support completing construction prior to the onset of wet weather. Wet weather is anticipated to begin in November. Consequently, project construction shall be planned to start at the end of the wet weather season which typically occurs in May. All equipment may be procured in advance and stored at the treatment plant. The District is available to accept delivery and place equipment in dry storage for the Contractor at not cost. Contract time shall begin upon mobilization as released by the District, and is anticipated to occur in May of 2017. The project Notice to Proceed will allow for submittals and procurement in advance of mobilization.

**This Addendum No. 4 shall become part of the Contract and all provisions of the Contract shall apply thereto.**
